1. Purpose

The purpose of this policy is to establish guidelines for protecting the Finmech Business Services information and assets by implementing robust human resource security practices. This policy aims to ensure that employees and other personnel have the necessary security awareness, training, and controls in place to safeguard the organization's data and systems.

2. Scope

This policy applies to all employees, contractors, and any other individuals with access to the organization's information systems and data.

3. Pre-Employment Practices

3.1 Background Checks

- All prospective employees and contractors must undergo a background check appropriate to their role, including verification of educational qualifications, previous employment, and criminal record checks where permissible and applicable.

3.2 Employment Agreements

- All employees and contractors must sign an employment agreement that includes confidentiality clauses, acceptance of the organization's security policies, and acknowledgement of consequences for policy violations.

4. During Employment

4.1 Access Control

- Access to information systems and sensitive data will be granted based on the principle of least privilege and need-to-know basis. Access rights will be reviewed periodically and adjusted as necessary.

4.2 Security Training and Awareness

- All employees must complete security awareness training during their onboarding process and annually thereafter. Training will cover data protection, security policies, and procedures for reporting security incidents.

4.3 Monitoring and Compliance

- The organization reserves the right to monitor employee use of information systems and data to ensure compliance with security policies and to detect potential security breaches.

4.4 Incident Reporting

- Employees are required to report any security incidents or suspicious activities immediately through the designated reporting channels. Failure to report can result in disciplinary action.

5. Termination of Employment

5.1 Off boarding Procedures

- Upon termination of employment or contract, the organization will promptly revoke access to all information systems, retrieve organizational assets, and ensure that all confidential information is returned or appropriately disposed of.

5.2 Exit Interviews

- Exit interviews will be conducted to remind departing employees of their ongoing confidentiality obligations and to retrieve any organizational property.

6. Roles and Responsibilities

6.1 HR Department

- The HR department is responsible for implementing and enforcing this policy, including conducting background checks, managing employment agreements, and coordinating the off boarding process.

6.2 Managers

- Managers are responsible for ensuring that their team members comply with this policy and for promptly reporting any concerns or incidents to the HR department.

6.3 Employees

- All employees are responsible for adhering to this policy, participating in security training, and reporting any security incidents or suspicious activities.

7. Policy Review and Updates

This policy will be reviewed annually or as necessary to ensure its continued relevance and effectiveness. Updates will be communicated to all employees.

8. Compliance

Non-compliance with this policy may result in disciplinary action, up to and including termination of employment or contractual relationships.
